Julia and Robin,

Does this look OK?

Deliberative Process / Ex. 5

I spoke with Josh. NHTSA has ownership of the FR notice. I can reach out to the person we were working with earlier today or y'all can reach out to your contacts. Which would be faster?

OK, then lets wait till Monday. Bill is going to send out a Dear Stakeholder email.

Julia – can you send around the final signed FR for Bill's email? Bill, another option is to link to the NHTSA web site – not ideal but at least it gets the word out.

Hi Robin,

All our web folks are gone for the day. I can easily make text edits but I tend to screw up links and documents. Do you want me to take a run at it or is it OK to wait until Monday?

-ERin

I see NHTSA already posted the extension notice, so that's good. We should try if we can, but if it has to wait till Monday at least stakeholders have a way to see it.

Subject: Web posting for SAFE Comment Extension

Julie, Erin – if EPA has signed the comment extension FR are we able to post it on web this afternoon? Would be good for public to see this before Monday's public hearing (and the existing close of NHTSA's DEIS – who knows if NHTSA will get it on their web).

It should be very simple – see red text suggestion: (could also put a yellow “NEW” button in front of the Extension notice to call it out).
